Resurgent Commodities Markets to Be Featured at Fort Lauderdale Investor Conference

FORT LAUDERDALE, FL--(Marketwire - February 27, 2008) - More than a dozen commodities companies from the U.S. and Canada will be featured among corporate presenters at The Growth & Value "Spring Break for Wall Street" Investor Conference, a free, two-day event beginning February 27 at the Westin Fort Lauderdale Hotel.

While these mining, metals, gas and oil companies accent the growth of commodities investing in an inflationary environment, the 34 publicly held companies on the conference roster represent a wide cross-section of market sectors, including healthcare, technology and real estate.

"I'm excited to have so many wonderful companies exhibiting," said financial advisor, James DePelisi, who is sponsoring the event. "People who are serious about researching the stock market will find their time well spent in attending this event."

Accredited investors, financial advisors, fund managers and stock brokers will have a rare opportunity to see and learn about some of the finest potential growth and value companies listed in the public markets today, DePelisi added.

At each session, attendees will hear informative presentations from each company's Chief Executive Officer and senior executive management, followed by question and answer sessions. Further, one-on-one opportunities are available with the CEOs and executives.

"This will be an excellent venue for people to get a first-hand, up-close look at the history, operations, financial state and management of 34 publicly traded companies representing 6 exchanges and 13 sectors, all in a single setting," said DePelisi. "Time efficiency to conduct feasibility studies and streamlined due diligence is what this event is all about. The Growth and Value Conference will have it all under one roof. We urge the financial community to take advantage of it."

A complimentary cocktail reception will be held from 4:00 p.m. - 5:00 p.m. Corporate presentations will run from 5:00 p.m. - 9:00 p.m.

The senior management team of presenting energy income trust, Daylight Resources Trust (TSX: **DAY.UN**) in Alberta, Canada bring with them decades of experience in all aspects of oil and natural gas operations, corporate management and business plan execution, the company said on its Web site.
